Notification of Sale.

TO be peremptorily sold by the Registrar of the High Court of Judicature at Fort William in Bengal in its Ordinary Original Civil Jurisdiction in his sale-room in the Court-house on Saturday, the 8th day of June 1918, at the hour of 12 o'clock noon, pursuant to the decrees of the said Court, dated, respectively, the 14th August 1916 and the 31st July 1917, and made in suit No. 859 of 1916 (wherein Sreemati Kripa Devi is the plaintiff and Chanda Lal Mukherjee *alias* Bhattacharjee is the defendant) the undermentioned property of the defendant described in the mortgage in suit as follows:—

Lot No. 1.—All that undivided one-fourth share of and in all that two-storied brick-built messuage, land, hereditaments and premises, situate, lying at and being premises No. 35, Sagore Dutt Lane, together with the piece or parcel of land thereunto belonging and containing by estimation three and half cottahs being Block No. III, holding No. 301 and paying an annual revenue of annas seven to the Collector of Calcutta, and butted and bounded on the north by Sagore Dutt Lane, on the east by premises No. 36, Sagore Dutt Lane, belonging to Bistoo Charan Dutt, on the south by premises No. 34, Sagore Dutt Lane, belonging to Ram Lal Dey, and on the west by Sagore Dutt Lane.

Lot No. 2.—All that undivided one-fourth part or share in all that one-storied brick-built messuage, land, hereditaments and premises together with the piece or parcel of land thereunto belonging, being premises No. 6, Guriama's Lane, containing by estimation three cottahs, a little more or less, being Block No. XIII, holding No. 453, and paying an annual revenue of annas twelve and pies ten, and butted and bounded on the north by 5, Guriama's Lane, being the tenanted house of Khetter Mohan Dass, on the east by Kapalitola Square, on the south by premises Nos. 7 and 8, Guriama's Lane, being the tenanted house, belonging to Sreenath Dass, and on the west by Guriama's Lane.

With regard to the share in the above two premises described as one-fourth, the attention of purchaser is drawn to the abstracted evidence of the mortgagor before the Registrar from which it would appear that his share in Lot No. 1 is only one-fifth share and in Lot No. 2 a one-third share.

The abstract of title and conditions of sale may be seen at the office of the Registrar or at the office of Messrs. Kallynath Mitter and Sarvadhicary, Attorneys for the plaintiff, at No. 8-2, Hastings Street, on any day before the sale and will be produced at the time of sale.

NOTIFICATION.

*Government Purchase of Tea for the United Kingdom.***Northern India.**

TENDERS are invited by the undersigned from Northern India Tea Companies and Tea Estates controlled in India (i.e., concerns the directors or proprietors of which are resident in India) for the supply of black tea for the United Kingdom up to the 31st May 1918. The total quantity required, including War Office requirements from the 1st January to the 31st May 1918, is approximately 40 per cent. of the total crop of 1917. Each estate may, therefore, tender any quantity up to 40 per cent. of its production in 1917, and should state whether a quantity in excess of 40 per cent. can be supplied if necessary. This percentage will include all tea shipped to England from Indian ports on private account on and after the 1st November 1917, which will be taken over by the Food Controller at the contract rates. It will also include all tea subsequently consigned to the Food Controller under interim arrangements pending the conclusion of contracts with estates. Only black tea will be taken. The percentage will apply to all grades of black tea produced including clean dust, estates being required to supply 40 per cent. of the total production of each grade in 1917, each invoice containing, as far as possible, the usual proportions of each grade. In the event of an estate being unable to supply the full required percentage of every grade the fact should be stated in the form of tender, and any adjustment necessary in price will be made before the contract is completed. All teas tendered will be liable to examination by experts in India, and, if the quality is not up to the previous standard of manufacture of the estate, to rejection or acceptance at a lower cost, such reduction being arranged by the undersigned in respect of concerns controlled in India and by the Food Controller in respect of concerns controlled in England. Garden weights will be accepted by the undersigned but the teas will be weighed on arrival in England by the Customs, and any adjustment in payment necessary will be made by the Food Controller through the Tea Commissioner. All teas will, also, be inspected in England and claims made by the Food Controller for damage in transit or defective packing. The usual system of packing, including the quality of the tea boxes and tea lead, must be maintained and boxes must be in sound condition before acceptance for shipment, 1916 tea will be accepted as part of the 40 per cent. allotment, provided it is shipped immediately. The price of 1916 tea shipped by London controlled estates will be arranged by the Food Controller in consultation with owners, while that of similar tea shipped by Indian controlled estates will be fixed by the undersigned at a reduced rate.

The contract price, which will be f.o.b. at the port of shipment, will be calculated as follows:—

- I. Estates selling on the London market.—The average London auction price realised in the years 1911, 1912 and 1913, less '90 of a penny for intermediate charges and cess and plus one halfpenny for increased cost of production, at rate of exchange 1s. 4d.
 - II. Estates selling on the Calcutta market.—The average Calcutta auction price realised in the years 1911, 1912 and 1913, plus one halfpenny or half an anna for increased cost of production and plus cost of shipping, and minus sale charges and other Calcutta charges. In order to obviate the labour of making detailed calculations in the case of each concern, the undersigned has, in consultation with the Indian Tea Association, decided that a net deduction of '08 of an anna per lb. may be made to cover the difference between the cost of shipping and sale charges.
- N.B.*—The allowance for increased cost of production may be raised hereafter to three farthings, if the Food Controller is satisfied that the higher rate is justified.
- III. Estates selling partly on the London and partly on the Calcutta market.—The average sale price realised in both markets in the years 1911, 1912 and 1913 with the additions and deductions specified in I and II above.
 - IV. Estates selling their teas on markets other than the London and Calcutta markets, and partly on outside markets and partly in London or Calcutta, and new estates with no pre-war sales.—The prices paid for similar teas.

The average for the three years should be calculated by dividing the total sale-proceeds by the total crop for the three years, the result being worked out to two places of decimals of a penny or an anna as the case may be. Where a concern consists of two or more estates each manufacturing its own teas, separate figures should be furnished for each estate. The figures submitted should, if possible, be certified as correct by a Chartered Accountant. In the case of concerns, the accounts of which are not audited by a Chartered Accountant, the figures of total crop sold and total sale proceeds should, if possible, be certified by the Broker who sold the teas.

Teas will be paid for in India. Tea cess and (in the case of all tea except that consigned to the War Office which is exempted from the payment of export duty) export duty will be paid by the Food Controller and should be included in the bills of cost. The delivery of the amount contracted for will be taken in equal monthly instalments so far as freight arrangement permit, but, in any event, delivery in warehouse of the whole quantity will be taken and payment made on or before the 31st August 1918, payments made in August bearing interest at 6 per cent. per annum from the 1st August. NOTIFICATION.

*Government Purchase of Tea for the United Kingdom.***Northern India.**

TENDERS are invited by the undersigned from Northern India Tea Companies and Tea Estates controlled in India (i.e., concerns the directors or proprietors of which are resident in India) for the supply of black tea for the United Kingdom up to the 31st May 1918. The total quantity required, including War Office requirements from the 1st January to the 31st May 1918, is approximately 40 per cent. of the total crop of 1917. Each estate may, therefore, tender any quantity up to 40 per cent. of its production in 1917, and should state whether a quantity in excess of 40 per cent. can be supplied if necessary. This percentage will include all tea shipped to England from Indian ports on private account on and after the 1st November 1917, which will be taken over by the Food Controller at the contract rates. It will also include all tea subsequently consigned to the Food Controller under interim arrangements pending the conclusion of contracts with estates. Only black tea will be taken. The percentage will apply to all grades of black tea produced including clean dust, estates being required to supply 40 per cent. of the total production of each grade in 1917, each invoice containing, as far as possible, the usual proportions of each grade. In the event of an estate being unable to supply the full required percentage of every grade the fact should be stated in the form of tender, and any adjustment necessary in price will be made before the contract is completed. All teas tendered will be liable to examination by experts in India, and, if the quality is not up to the previous standard of manufacture of the estate, to rejection or acceptance at a lower cost, such reduction being arranged by the undersigned in respect of concerns controlled in India and by the Food Controller in respect of concerns controlled in England. Garden weights will be accepted by the undersigned but the teas will be weighed on arrival in England by the Customs, and any adjustment in payment necessary will be made by the Food Controller through the Tea Commissioner. All teas will, also, be inspected in England and claims made by the Food Controller for damage in transit or defective packing. The usual system of packing, including the quality of the tea boxes and tea lead, must be maintained and boxes must be in sound condition before acceptance for shipment. 1916 tea will be accepted as part of the 40 per cent. allotment, provided it is shipped immediately. The price of 1916 tea shipped by London controlled estates will be arranged by the Food Controller in consultation with owners, while that of similar tea shipped by Indian controlled estates will be fixed by the undersigned at a reduced rate.

The contract price, which will be f.o.b. at the port of shipment, will be calculated as follows:—

- I. Estates selling on the London market.—The average London auction price realised in the years 1911, 1912 and 1913, less '90 of a penny for intermediate charges and cess and plus one halfpenny for increased cost of production, at rate of exchange 1s. 4d.
 - II. Estates selling on the Calcutta market.—The average Calcutta auction price realised in the years 1911, 1912 and 1913, plus one halfpenny or half an anna for increased cost of production and plus cost of shipping, and minus sale charges and other Calcutta charges. In order to obviate the labour of making detailed calculations in the case of each concern, the undersigned has, in consultation with the Indian Tea Association, decided that a net deduction of '08 of an anna per lb. may be made to cover the difference between the cost of shipping and sale charges.
- N.B.—The allowance for increased cost of production may be raised hereafter to three farthings, if the Food Controller is satisfied that the higher rate is justified.
- III. Estates selling partly on the London and partly on the Calcutta market.—The average sale price realised in both markets in the years 1911, 1912 and 1913 with the additions and deductions specified in I and II above.
 - IV. Estates selling their teas on markets other than the London and Calcutta markets, and partly on outside markets and partly in London or Calcutta, and new estates with no pre-war sales.—The prices paid for similar teas.

The average for the three years should be calculated by dividing the total sale-proceeds by the total crop for the three years, the result being worked out to two places of decimals of a penny or an anna as the case may be. Where a concern consists of two or more estates each manufacturing its own teas, separate figures should be furnished for each estate. The figures submitted should, if possible, be certified as correct by a Chartered Accountant. In the case of concerns, the accounts of which are not audited by a Chartered Accountant, the figures of total crop sold and total sale-proceeds should, if possible, be certified by the Broker who sold the teas.

Teas will be paid for in India. Tea cess and (in the case of all tea except that consigned to the War Office which is exempted from the payment of export duty) export duty will be paid by the Food Controller and should be included in the bills of cost. The delivery of the amount contracted for will be taken in equal monthly instalments so far as freight arrangement permit, but, in any event, delivery in warehouse of the whole quantity will be taken and payment made on or before the 31st August 1918, payments made in August bearing interest at 6 per cent. per annum from the 1st August. Producers will be responsible for warehouse charges and insurance for one month after the date specified by the undersigned for the arrival of the tea at the warehouse, the undersigned paying warehouse charges after that period but not insurance charges, as no insurance will be effected on Government teas.

In order to enable the undersigned to conclude the contracts with estates, the following information in respect of each estate controlled in India should be furnished to him without delay, on a form which will be supplied on application to this office or to the Secretaries, Indian Tea Association, Assam and Surma Valley Branches, Indian Tea Association, Duars, Terai and Darjeeling Planters' Associations:—

NOTIFICATION.

Government Purchase of Tea for the United Kingdom.

Northern India.

TENDERS are invited by the undersigned from Northern India Tea Companies and Tea Estates controlled in India (i.e., concerns the directors or proprietors of which are resident in India) for the supply of black tea for the United Kingdom up to the 31st May 1918. The total quantity required, including War Office requirements from the 1st January to the 31st May 1918, is approximately 40 per cent. of the total crop of 1917. Each estate may, therefore, tender any quantity up to 40 per cent. of its production in 1917, and should state whether a quantity in excess of 40 per cent. can be supplied if necessary. This percentage will include all tea shipped to England from Indian ports on private account on and after the 1st November 1917, which will be taken over by the Food Controller at the contract rates. It will also include all tea subsequently consigned to the Food Controller under interim arrangements pending the conclusion of contracts with estates. Only black tea will be taken. The percentage will apply to all grades of black tea produced including clean dust, estates being required to supply 40 per cent. of the total production of each grade in 1917. Each invoice containing, as far as possible, the usual proportions of each grade. In the event of an estate being unable to supply the full required percentage of every grade, the fact should be stated in the form of tender, and any adjustment necessary in price will be made before the contract is completed. All teas tendered will be liable to examination by experts in India, and, if the quality is not up to the previous standard of manufacture of the estate, to rejection or acceptance at a lower cost, such reduction being arranged by the undersigned in respect of concerns controlled in India and by the Food Controller in respect of concerns controlled in England. Garden weights will be accepted by the undersigned but the teas will be weighed on arrival in England by the Customs, and any adjustment in payment necessary will be made by the Food Controller through the Tea Commissioner. All teas will, also, be inspected in England and claims made by the Food Controller for damage in transit or defective packing. The usual system of packing, including the quality of the tea boxes and tea lead, must be maintained and boxes must be in sound condition before acceptance for shipment. 1916 tea will be accepted as part of the 40 per cent. allotment, provided it is shipped immediately. The price of 1916 tea shipped by London controlled estates will be arranged by the Food Controller in consultation with owners, while that of similar tea shipped by Indian controlled estates will be fixed by the undersigned at a reduced rate.

The contract price, which will be f.o.b. at the port of shipment, will be calculated as follows:—

- I. Estates selling on the London market.—The average London auction price realised in the years 1911, 1912 and 1913, less 90 of a penny for intermediate charges and costs and plus one halfpenny for increased cost of production, at rate of exchange 1s. 4d.
- II. Estates selling on the Calcutta market.—The average Calcutta auction price realised in the years 1911, 1912 and 1913, plus one halfpenny or half an anna for increased cost of production and plus cost of shipping, and minus sale charges and other Calcutta charges. In order to obviate the labour of making detailed calculations in the case of each concern, the undersigned has, in consultation with the Indian Tea Association, decided that a net deduction of 08 of an anna per lb. may be made to cover the difference between the cost of shipping and sale charges.

N.B.—The allowance for increased cost of production may be raised hereafter to three farthings, if the Food Controller is satisfied that the higher rate is justified.

- III. Estates selling partly on the London and partly on the Calcutta market.—The average sale price realised in both markets in the years 1911, 1912 and 1913 with the additions and deductions specified in I and II above.
- IV. Estates selling their teas on markets other than the London and Calcutta markets, and partly on outside markets and partly in London or Calcutta, and new estates with no pre-war sales.—The prices paid for similar teas.

The average for the three years should be calculated by dividing the total sale-proceeds by the total crop for the three years, the result being worked out to two places of decimals of a penny or an anna as the case may be. Where a concern consists of two or more estates each manufacturing its own teas, separate figures should be furnished for each estate. The figures submitted should, if possible, be certified as correct by a Chartered Accountant. In the case of concerns, the accounts of which are not audited by a Chartered Accountant, the figures of total crop sold and total sale proceeds should, if possible, be certified by the Broker who sold the teas.

Teas will be paid for in India. Tea cess and (in the case of all tea except that consigned to the War Office which is exempted from the payment of export duty) export duty will be paid by the Food Controller and should be included in the bills of cost. The delivery of the amount contracted for will be taken in equal monthly instalments so far as freight arrangement permit, but, in any event, delivery in warehouse of the whole quantity will be taken and payment made on or before the 31st August 1918, payments made in August bearing interest at 6 per cent. per annum from the 1st August. Producers will be responsible for warehouse charges and insurance for one month after the date specified by the undersigned for the arrival of the tea at the warehouse, the undersigned paying warehouse charges after that period but not insurance charges, as no insurance will be effected on Government teas.

In order to enable the undersigned to conclude the contracts with estates, the following information in respect of each estate controlled in India should be furnished to him without delay, on a form which will be supplied on application to this office or to the Secretaries, Indian Tea Association, Assam and Surma Valley Branches, Indian Tea Association, Duars, Terai and Darjeeling Planters' Associations :—
